OUT OF THE WILDERNESS

The wilderness holds a special place in scripture. Time spent in the wilderness is associated with a time of preparation for undertaking a special purpose. When Moses led the people from Egypt they wandered in the wilderness for 40 years. This was a time of renewing themselves after their time in Egypt and rediscovering their covenant with God. After his baptism, Jesus retreats to the wilderness to prepare for his public ministry. It was also out of the wilderness that a lot of rebellion and unrest emerged. A desire for change and action is what comes out of the wilderness.

Our Parishes incorporate suburbs located on the traditional country of the Awabakal and Worimi peoples. We acknowledge their cultural heritage, beliefs and continuing relationship with the land, pay respect to their Elders past and present, and commit ourselves to work together for reconciliation and justice.

FROM THE PARISH PRIEST

Dear Parish Family,

As of 10 December, a social media ban will take effect for those 16 and under. An attempt to prevent on-line bullying and predatory behaviour. When I was a child whilst bullying was a real thing in schools, we all got a break from it when we went home. The old-fashioned phone of my childhood could simply be taken off its cradle, and all a caller would hear was an engaged signal. You probably don't even know what they looked like. However, there were no mid-night posts, no clandestine texting, no sense of missing out if we were not connected continuously.

We have as a society, community and as a church a responsibility to protect the most vulnerable, our children and vulnerable adults. It is a responsibility and an obligation on our part, a moral imperative. *I am not convinced a total ban will work.* Listening to commentators and interviews with parents there will be too many challenges to it. Parents and care givers will need to be even more vigilant if the ban has any chance. Unlike my generation this generation of young people are born Tech savvy. They can work their way around almost any block. It is a sad reality that we are more connected to each other via media platforms than face to face interaction.

No system is foolproof. In my mind education is key to almost everything. Bans don't necessarily solve anything. Families, schools, community groups and churches have a role to play in the education of our young people in cyber and social safety. Education and formation are key. Responsible persons must be informed and remain up to date. Open and honest communication is important. Our vulnerable need reliable and safe havens to fall back on. They need to be able to tell their safe person anything and know they will not be judged but rather heard and supported. Our kids get into trouble and sometimes find themselves in difficult situations. They need our help to get out of them. Sometimes parents and grandparents need to practice a 'I'm not shocked by that' face.

On another note, I have begun my Christmas shopping. It ranks amongst the hardest things I face each year. What to get my now teenage nieces is daunting, overwhelming. I have a strict budget though. I've worked out over many years that money doesn't compensate for lack of time spent nor does it equate to love. It really is the thought that counts. Getting into huge debt for the new year because of Christmas I have decided is not helpful. The things I treasure most from the gifts my family have sent are the ones my

nephew and nieces made me or painted for me when they were little. They are amongst my priceless possessions.

Advent is a wonderful time for reflecting on what is really important. Getting some priorities sorted and making sure that the next steps are firmly founded on the priceless values of our relationship with the saviour we prepare for.

Regards,

Greg, Parish Priest.

WHY WE DO WHAT WE DO AT MASS

Symbols of the Mass

Light and Candles ✦

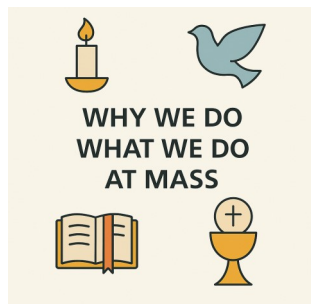

From the earliest Christian gatherings, light has been a symbol of Christ's presence. Candles placed on the altar or beside the ambo remind us that the Lord is the Light of the World.

The flame, gentle yet steady, represents faith that perseveres through darkness. It draws the eye upward, inviting prayer and reverence. When candles are carried in procession or placed near the Blessed Sacrament, they honour the holiness of what they accompany.

Even a single flame in a quiet church proclaims that darkness never has the last word.

Scripture: *"I am the light of the world; whoever follows me will not walk in darkness, but will have the light of life."* — John 8:12

IN UNITATE FIDEI

IN THE UNITY OF FAITH.

This prayer concludes the latest encyclical of Pope Leo, written on the 1700th anniversary of the Council of Nicaea and highlighting the importance of the creed as a sign of Christian unity.

Holy Spirit of God, you guide believers along the path of history.

We thank you for inspiring the Symbols of Faith and for stirring in our hearts the joy of professing our salvation in Jesus Christ, the Son of God, consubstantial with the Father. Without him, we can do nothing.

Eternal Spirit of God, rejuvenate the faith of the Church from age to age. Help us to deepen it and to return always to the essentials in order to proclaim it.

So that our witness in the world may not be futile, come, Holy Spirit, with your fire of grace, to revive our faith, to enkindle us with hope, to inflame us with charity.

Come, divine Comforter, source of harmony, unite the hearts and minds of believers. Come and grant us to taste the beauty of communion.

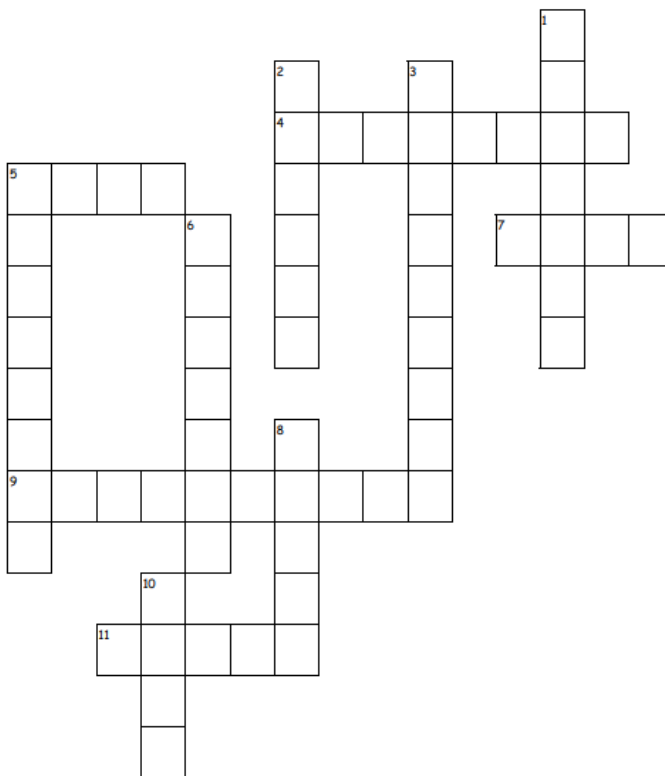

Come, Love of the Father and the Son, gather us into the one flock of Christ.

Show us the ways to follow, so that with your wisdom, we become once again what we are in Christ: one, so that the world may believe. Amen.
